STEAKHOUSE®
ON ANOTHER LEVEL

The Founder Story

In the late 1980s, four friends – Chris Sullivan, Robert Basham, Tim Gannon and Trudy Cooper – had the dream of opening a casual-dining restaurant that offered quality food and exceptional service at a reasonable price. They conceived an Australian theme with a "No rules. Just right.®" mindset to create a fun, friendly dining experience that would differentiate themselves from other dining concepts. In March 1988, they opened the first Outback Steakhouse in Tampa, Florida.

About Outback

There’s a special spirit at Outback Steakhouse. One where mates gather, stories are exchanged, and steakhouse favorites flow as freely as the conversation. Serve it up with a dash of Aussie hospitality, and you’ve got all the makings of a great experience you’ll want to share with your friends, time and time again. We're known for high quality, juicy steaks with your choice of big cuts and bold flavor, cooked just the way you like it. Spirited drinks that start the night off right and a heap of craveable dishes and fan favorites like our iconic Bloomin' Onion®.

Our Menu

At Outback Steakhouse, bold flavor is at the heart of everything we do—from expertly prepared steaks to refreshing, spirited beverages. Whether seasoned and seared, char-grilled, or slow-roasted, our steaks deliver craveable options for every taste. Beyond steak, guests can enjoy chicken, seafood, pasta, and fan favorites like the original Bloomin' Onion®.

Signature dishes define the Outback experience, including the juicy Bone-In Ribeye, Victoria's Barrel-Cut Filet Mignon, and the classic Chocolate Thunder From Down Under®—each crafted for indulgent, memorable moments. Paired with signature sides, these staples bring people together over great food and good company.

Our robust beverage program complements every occasion, with handcrafted cocktails, refreshing beers, and a curated wine selection—perfect for celebrating, unwinding, or toasting to time well spent with mates.
